

FLYER TO RESUME 18-HOUR SCHEDULE

PRESSURE BROUGHT TO BEAR ON PRESIDENT NEWMAN.

His Order Rescinded and Twentieth Century Limited Resumes Its Fast Trip Today.

New York, June 25.—The Twentieth Century flyer to Chicago will resume its 18-hour schedule tomorrow. After the wreck at Mentor, Ohio, President W. H. Newman of the New York Central, peremptorily ordered it back to the 20-hour basis. But the operating and traffic officials of the New York Central lines in the west objected decidedly to President Newman's action, and out of the west they came for a conference, which lasted from 11 a. m. Sunday until 4 o'clock in the afternoon. After a warm discussion, to which most of the western gentlemen applied themselves in shirt sleeves, the following statement was given out: "To the press and the public: The rigid investigation of the wreck on the Lake Shore at Mentor, Ohio, which has been made by the officials of the Lake Shore Co., and by the state railway commissioner of Ohio, who, with the chief inspector of railroads for that state, made a personal investigation at the scene of the accident, having shown conclusively that the accident was not caused by the speed of the train, it is now decided unnecessary to longer continue the slower schedule of the Twentieth Century train, the time of which was lengthened pending a thorough investigation of the cause of the accident. Its schedule of 18 hours between New York and Chicago will be resumed Monday, June 26."

When asked about the trend of the discussion, General Passenger Agent Daniels blandly replied: "Oh, the decision was practically unanimous."

RIOTING CONTINUES AT LODZ

(Continued From Page One.)

victims of the first volley. Then an order rang out, and with a rush the troopers came back to their bloody work. This time the mob seemed unprepared for the onslaught, and separated in small groups, some running, others moving forward with uncertainty. The troopers then made a general charge, driving the mob before them like a herd of frightened cattle, slashing with their sabers, knouting them with their loaded whips and now and then shooting into small groups which seemed unwilling to give way. The might of the army had conquered, and within ten minutes the mob had been dispersed and its members were running like frightened squirrels for places of safety, with the troopers following them and terribly lashing all that could be reached. This was the only fight of consequence of the day, and, according to the official reports, ten were killed and 45 wounded. This latter list includes only those who were unable to make their escape and had to be taken to the prison hospitals. Two drunken Cossacks killed and robbed the servant of a millionaire named Rosenblatt, who was carrying a package containing 1,000 roubles to his employer. They robbed the corpse and made off with the money. Shortly afterwards a squad of Cossacks attacked a Jewish family of five who were making their way out of the city in a cab and shot all of them dead. They were all well known and the shooting has inflamed the Jews, who threaten dire vengeance. It is reported tonight that a large number of small bombs and packages of vitriol have been smuggled into the city and that these will be used today against the troops.

FOUR DROWNED

Near Milwaukee Sunday—Capsized Boats Responsible.

Milwaukee, Wis., June 25.—Four Milwaukee county people met death by drowning near this city today. Two girls, rowing on Cedar creek, met death when their boat overturned in the storm. A saloonkeeper came to his fate by a similar accident on Root creek. A little boy, paddling about on a home-made raft, falling into a pool of water on the west side and was dead before he could be lifted out. Lilly Schmidt, aged 24 years, of 468 Ninth street, and Bertha Kramer, aged 16 years, Cedarburg, drowned in Cedar creek.

FISHING SCHOONER

Sunk by Steamer—The Crew Was All Saved.

Halifax, N. S., June 26.—The American fishing schooner Columbia, Capt. Van Amburg, hailing from Gloucester, was sunk by the steamer Kong Severo two miles off Law Point today. All the crew was saved. The steamer smashed into the schooner amidships, almost cutting her in two, and she filled and sank in five minutes. Nineteen of the crew were saved only in the clothes they stood in, while those in the bunks asleep had only time to clamber over the rain in scanty attire. They were landed at North Sydney. The Columbia was a fine craft and had a catch of over 200,000 pounds of fish.

TO PACIFY THE ORIENTAL MIND

(Continued From Page One.)

policy of the department of commerce and labor. The change will simplify the whole administration of the law, but it cannot be made permanent unless the diplomatic and consular representatives do their full duty and see to it that no certificate is issued with their vice unless the person receiving it clearly comes within one of the exempt classes and is fully entitled to the privileges the certificate secures for him.

"Accordingly, all our diplomatic and consular representatives in China are warned to perform this most important duty with the utmost care."

"THEODORE ROOSEVELT." In a letter to the President under yesterday's date, Secretary Metcalf of the department of commerce and labor discusses the exclusion laws and the method of their enforcement. In part he says: "As to the harsh and unreasonable treatment which it is said has been accorded members of the exempt classes, it may be said that what are known as section 6 certificates were universally accepted until it became apparent to the officers of the service that these certificates were being issued by the hundreds to Chinese laborers and other persons not entitled to them under the law. In order to administer the laws, it then became necessary to investigate each individual case."

"It is, of course, possible that the officers of the service were over-zealous in their efforts to prevent the entry of Chinese laborers on fraudulent certificates. But the fact remains that the source of the trouble was the lax methods of the Chinese and other officials charged with issuing and vouching these certificates."

Secretary Metcalf issued yesterday a department circular containing amended instructions on the exclusion of Chinese under existing laws. Officers are cautioned to "act with discretion," and, while laborers must be strictly excluded, the law must be enforced without harshness and unnecessary inconvenience or annoyance must not be caused such persons as are entitled to enter the United States. The circular winds up by announcing that discourtesy toward any Chinese, whether laborer or not, will be cause for immediate dismissal from the service.

THE LAST CALL

For Strawberries This Week—Market Prices Remain High.

Strawberries, dark red, rich and very juicy, are to be had everywhere today for 10 cents per quart. This week will probably see the end of the strawberry season.

A few raspberries came to town last week, but they are still scarce, the crop having been delayed by the heavy rains of the past two weeks. At present they sell, when they can be had, for 12 and 14 cents a quart.

The markets are rich in vegetables these days. New peas can be had for 20 cents a quart, beets three bunches for 10 cents and beans for a shilling a pound. Lima beans have not yet appeared on the scene. They are being eagerly awaited.

Spring chickens are fairly popular at 50 cents apiece.

Eggs are scarce and high for the season.

EMPEROR WILLIAM

Was the Biggest Yachtsman in the Bunch.

Kiel, June 26.—Emperor William played the leading role in Sunday's yacht races, although his boat, the Meteor, which he elected to race against the Hamburg over a 32 knot course, was defeated by nearly six minutes. With the emperor aboard of the Meteor there was a distinguished party of guests, who were deeply interested in the handling of the yacht through out the race. The time of the Hamburg was 3 hours, 21 minutes and 47 seconds.

Prince Henry of Prussia, sailing the Orion, defeated Henry S. Redmond's Ailsa. Robert W. Golet's Swan was successful in its race with the Capri. The American built yawl Navahoe, owned by C. W. Watjen, made a runaway of its race with the Comet.

ELECTROCUTED

Two Men Lose Their Lives by a Live Wire.

Trenton, N. J., June 25.—Walter Ewing, a telegraph operator, aged 23, and Wesley Davison, painter, aged 21, were electrocuted at Hopewell, near here, at 6:10 o'clock this evening by a live wire. The wire was a broken telephone wire, which it is claimed had been down since Thursday, dangling across an electric light wire.

Ewing had been on a walk to the cemetery with his affianced bride and saw a dog run into the coils of the wire. Taking two sticks, Ewing tried to extricate the dog, but was instantly killed before the eyes of his sweetheart. Davison saw the accident and ran to Ewing's aid. In trying to draw the body from danger he, too, was killed.

Wanted.

We will pay 25 cents for a copy of the Stark County Democrat of March 18, 1904.

CENTENNIAL OF A METHODIST CHURCH

REV. HOLMES, OF CANTON, ONE OF THE SPEAKERS.

Ohio Christian Endeavor Union—Ball Player Breaks Leg—Body of Drowned Man Recovered.

Steuersville, O., June 25.—Interesting exercises in connection with the centennial celebration of Dickinson M. E. church, one of the oldest in Eastern Ohio, were held yesterday and today with big basket dinners both days. W. J. Perry, Esq., of Cadiz, delivered the historical address. Reverends O. W. Holmes, of Canton and M. H. Dickerson of Kent, delivered addresses.

Ohio Christian Endeavor Union. Dayton, O., June 25.—Noted speakers and Christian workers from different sections of the country will be in attendance and booked for addresses at the Twentieth convention of the Ohio Christian Endeavor union which begins its first session on Tuesday evening and continues until Friday evening.

Leg Broken While Playing Ball. Youngstown, O., June 25.—While playing ball at the corner of Erie street and Elwood avenue, this afternoon, Raymond Fishum had his right leg broken. He had made a base hit and stepped on the third base.

Body Recovered. Youngstown, O., June 25.—The body of John Bezek who was drowned at Struthers Thursday was recovered from Yellow creek today. The body was found four miles below the place where it was drowned.

Died From Sunstroke. East Liverpool, June 25.—After a week of suffering caused by sunstroke Attorney W. F. Gastor died last night. One child and his wife survive.

Oberlin's Annual Ball Game. Oberlin, O., June 25.—The principle features of college commencement program for tomorrow will be the annual ball game between the alumni and varsity.

Laborer Drowned. Mansfield, O., June 25.—Zanseeo Salvaine, a B. & O. R. R. laborer aged 23, was drowned in the swimming hole at Luna Park this afternoon.

Drowned While Bathing. Lorain, O., June 25.—Orville Matthews, aged 21, was drowned this afternoon while bathing at Century Park.

ADDING MACHINES.

Wouldn't Work, So Premium Lists Are Not Ready.

Indianapolis, Ind., June 25.—Although it was expected that all of the premium lists for those who took part in the German athletic festival last week would be made out by this afternoon at 5 o'clock, the results, owing to mistakes in operating the adding machines in the tabulating room at the German House, will not be known until Tuesday or Wednesday, it was said tonight.

For several days a force of men has been at work under Carl Graner of Peoria, Ill., computing the figures given in by the judges of the contests and attempting to make averages and decide who should be entitled to premiums. So smoothly was the work going that it was given out by the committee that premium lists would be ready not later than 5 o'clock this afternoon.

At the last moment, however, when the committee at Germania Park was waiting for the lists so that the awards and diplomas might be distributed among the contesting athletes who had assembled there, it was found that gross errors had been made in the calculations and that all of the figures, with the exception of a very few that had been verified up to that time, were inaccurate.

WARLIKE ATTITUDE

Of the German Press Toward France Over Moroccan Dispute.

Berlin, June 26.—The German press has assumed a warlike attitude toward France as a result of the latest developments in the Moroccan dispute. Public feeling is running high, but in official quarters it is still maintained that the possibility of war with France is most remote.

It is semi-officially stated that Chancellor Von Buelow has persuaded the kaiser to send no more telegrams dealing with public subjects, as they cause misunderstandings and misrepresentations by the press.

The National Zeitung states that Germany does not fear war with France, as, if such a conflict were to come, it would be fought, not on the sea, but on the battlefield, where the German strategist leads the world.

Fought Duel With Knives. Cincinnati, O., June 25.—R. L. Lyons and S. L. McCormick, both machinists, fought a savage duel with knives at Chester Park, an open air resort, tonight, as a result of a quarrel. The place was crowded at the time, and a slight panic ensued. Both men were seriously and probably fatally wounded.

STRIKE SITUATION

As Quiet as the Russo-Jap Peace Negotiations.

Chicago, Ill., June 25.—The labor situation today was in a state of quiescence insofar as outward demonstration was concerned. The headquarters deserted and so far as could be learned, no meetings were held except that of the Ice Drivers' union in Bricklayers' hall. This was their regular monthly meeting and had no bearing on the teamsters' strike. Monday will be the eventual day and the action that will be taken then may decide whether or not Chicago will be in the grip of a strike which will include every driver of teaming interest in the city.

At 3 o'clock Monday evening the department store wagon drivers will vote whether or not they will continue the present struggle. At 8 o'clock the express drivers will vote upon the same question. The results reached at these two meetings will determine whether the strike shall at once be called off or whether the other drivers shall be requested through their locals to take a referendum vote to decide whether they will, as good union men, walk out in a sympathetic and tie up every horse and every wheel turned by a horse from the city who is now handled by a union driver.

NEW CEMETERY IS TO BE MODEL ONE

EXTENSIVE PREPARATIONS ARE MADE FOR CALVARY.

Meeting Held in Canton When Plans Were Made—Electric Company Constructing a Switch.

The board of trustees of the Calvary Cemetery Association met in Canton and discussed plans for the early completion of the cemetery located three miles east of Massillon on the Canton road. Joseph Dick of Canton was appointed chairman of the committee selected to prepare a blue print plat of the grounds. Mr. Dick has visited the cemeteries at St. Louis, Cleveland and other places and his ideas will be set forth on the blue print. It is the intention of the trustees to make Calvary cemetery one of the most beautiful in the state. Nearly one hundred acres have been purchased and will be cut up into parks, lakes and lots.

Arrangements have been made with the Canton-Akron Railway Company to construct a switch from the main line to the cemetery, running through the woods which grow on the land purchased. These woods will be cut and made into a beautiful park. The swamp lying near the Canton-Akron road will be made into a lake, with lawns surrounding it. The entrance will be beautified and a stone fence constructed along the front of the entrance. A force of workmen is already at work on the new switch, and the Canton-Akron officials will soon begin to remodel one of the large interurban cars into a funeral car for service at Calvary cemetery.

A water plant will be constructed on the grounds and every effort is to be made to render the cemetery up-to-date in every particular. The first work of laying out the lots is being done now. Section A will be composed of 500 family lots, which will be put on sale at once.

The work of repairing the house on the site of the new cemetery has begun, and it is planned by the trustees to build a large bank barn near this house.

POLLOCK AND AMBLER NOMINATED SATURDAY

State Senator Robert Pollock of North Lawrence was nominated without opposition for re-election to that office at the meeting of the senatorial convention of Stark and Carroll counties held in the court house Saturday afternoon. Mr. A. W. Agler made the nominating speech.

Delegates to the judicial convention from Stark, Carroll and Columbiana counties nominated Ralph S. Ambler for re-election as common pleas judge. The convention met on Saturday morning and Mr. Ambler's was the only name mentioned for the place. David B. Day nominated him.

Despondency Caused Suicide.

Pittsburg, Pa., June 25.—In a fit of despondency because his brother had been taken to a hospital to undergo an operation, James M. Chubel, a farmer living at Claremont, committed suicide today. He sat in a chair and placing a shotgun against his heart pulled the trigger with his toe.

TAKE A TRIP WEST.

Special Inducements This Season. Spend your vacation in the Pacific Coast or in almost any of the western states this summer at low cost. Round trip excursion tickets via Rock Island System are on sale certain dates throughout the summer. You can go out via Colorado, visiting Yellowstone Park and returning southern route by way of El Paso, or vice versa. A long return limit and cheap rates for side trips to every point of interest. Full particulars literature and Rock Island folder, from John Sebastian, Passenger Traffic Manager Rock Island System, Chicago.

LUTHERAN SUNDAY SCHOOL CONVENTION

THIRTEENTH ANNUAL SESSION OF STARK AND CARROLL COUNTIES.

Will Be Held Tuesday and Wednesday in Martin Luther Church. The Program.

The thirteenth annual session of the Lutheran Stark and Carroll counties' Sunday school convention will be held Tuesday and Wednesday in the Martin Luther church. Following is the program:

Tuesday afternoon—Address of welcome, Prof. E. A. Zinninger, Canton; response, Rev. G. C. Schaub, Canton; election of officers and appointment of committees; paper, "How to Study the Bible," Rev. B. L. Westenbarger; alternate, Rev. L. Coffman.

Tuesday evening—Paper, "Foreign Missions," W. H. Oelschlager; alternate, Rev. F. W. Rohlfing.

Wednesday morning—Paper, "The Ideal Sunday School," J. L. Stockert; alternate, John Arbaugh; paper, "Our Sunday School Literature," Rev. L. H. Burry.

Wednesday afternoon—Paper, "The Primary Teacher," Mrs. Dr. E. R. Ziegler; alternate, Mrs. H. C. Mary, Canton.

Wednesday evening—Paper, "Home Missions," Rev. J. F. A. Lautenschlager; alternate, Rev. E. C. Billings.

The committee in charge of the program consists of Rev. G. C. Schaub, J. F. Grose and Rev. F. W. Rohlfing. Prof. E. A. Zinninger is president; Matilda Wagner of Canton, secretary.

A free dinner and supper will be served on the church lawn Wednesday. The ladies of the church will serve ice cream Wednesday evening.

MANY AT WORK

Reports From the Mills by the Amalgamated Journal.

The report of the Amalgamated Association regarding the running of the mills covers practically the entire country. The Amalgamated Journal this week publishes the following reports:

Nimishillen lodge, No. 32, Canton, Carnahan Tin Plate Co. Tin department, 6 mills working, none idle. Prospects good.

Stark lodge No. 10, Massillon, O., Corn plant of Republic Iron and Steel Co. Mill worked as follows the last week: Boiling department, 7 furnaces working, 1 idle; 4 scrap and 3 puddle furnaces working. Bar and guide department—Guide mill working. Prospects seem good.

SALEM HAS NO CHANCE

To Secure the State Tuberculosis Hospital and Is Not on the List.

Salem's chances for securing the proposed state hospital for the treatment and cure of tuberculosis are nil. Dr. C. O. Probst, secretary of the state board of health and member of the commission to select a site for the institution, stated that the Salem site was not on the list of those he will visit and report on as to their availability.

Ask Congress to Recognize Norway. St. Paul, Minn., June 25.—Norwegians of Minnesota today called on congress to recognize the newly created Norwegian government at a gathering held at Como Park, in this city. Resolutions containing this request were adopted by the 5,000 persons present and will be forwarded to Washington.

SUMMER THOUGHTS.

Are You Thinking Now About Summer?

The season is near at hand which sends the people from the dust, smoke and tainted atmosphere of the city to some favorite spot by shore or spring where all is pure, fresh and elevating. By the change the mind gains in elasticity, the spirit in serenity and the body in tone and vigor.

This is a good time to make plans for your summer vacation. Write now to the D. & C. Nav. Co. regarding routes and rates to Northern Michigan Resorts and enclose a two cent stamp for illustrated booklet. Address D. & C. Navigation Co., Dept. A. Detroit, Mich.

Schooner Sunk in Collision.

Baltimore, Md., June 25.—The Norwegian steamer George Dumois, Captain Sarauen, of the route from Benes, Cuba, with a cargo of bananas for the United Fruit Co., of this city, collided with and sank the three masted schooner Clara E. Berggen, Captain Edwards, of New York, for Charleston this morning near Hatteras. The crew of the Berggen was saved by the Dumois.

Funeral of George H. Spangler.

The funeral of George H. Spangler was held from the First Methodist church Saturday morning at 10 o'clock. The services were in charge of Rev. O. W. Holmes and Rev. J. S. Reager. Rev. Holmes preached the sermon. A memorial adopted by the board of trade was read by Attorney J. A. Jeffers. Burial was made in Westlawn cemetery.

NEW DANCES

Which Have Been Adopted and Will Be Heard From Next Winter.

Aside from the one new dance adopted by the American National Association of Dancing Masters of Dancing has adopted four new dances which will be taught the coming season by teachers over the country. The one most distinctively new is the Columbus minuet, by Prof. G. W. Rader, of Columbus.

The gentleman clasps his right hand with the ladies left, four minuet steps are taken in the line of direction; partners face and change hands, the gentleman stepping to the left with his left, crossing the point with right, and lady to right and point with left, hands are changed again, gentleman stepping to the right with right and point with left and lady to left and point with right; turn and bow slowly, consuming one whole measure of music; two steps 16 measures of music. A feature of this dance is the special music to which the minuet only can be danced.

The other new dances of the International are to be known as the Speedway square dance by Prof. W. T. Kaserman, of Cleveland; the Troubadour, by A. J. Glacina of Thompsonville, Conn., and the Apollo, by E. Connolly, Springfield, Mass. The Speedway introduces new bows, quickens the turns and shortens the figures. Only two couple are dancing at a time. The Troubadour is a combination of the two-step and gallop and there are several new dips to quick time. The Apollo is a composition of two-step, gliding step, turns and gallop. All are to special music.

RIVER FOUND

In Drilling for Oil on a Farm Near Homeworth by Alliance People.

The True Grit Oil company of Alliance now putting down well number 2 on the Buck farm near Homeworth, claim to have found a subterranean river recently while drilling. At a depth of 150 feet a flow of water was found which continued for a depth of over 50 feet. While drilling this distance the sand pump was not used, all the sand and crushed rock being washed away by the underground current.

FATAL PLAYTHING

Young Boy Shot and Killed His Baby Brother.

Port Jervis, N. Y., June 25.—William Smith, 9 years of age, son of George Smith, an Erie railroad employe, today shot and killed his baby brother, Harry, 18 months old.

The older boy had secured a gun as a plaything and was caring for his brother in the parlor of the Smith home. Hearing a report Mrs. Smith rushed in and found the child dead.

Will Form Business Men's Association.

Salineville, June 25.—Fifty business men of the village will form a Business Men's association for the promoting of industries in the village. The organization will endeavor to attract capitalists to the village and encourage local capital. The project of building a number of dwellings is being considered. The organization will enjoy an outing sometime in August with the wives and families of the members. Among the things encouraged will be a gas plant for the village.

Crew of Steamer Sunk by Russians.

Singapore, June 26.—The Dutch steamer Perlup arrived here last night with the crew of the steamer Ikona on board. The Ikona was sunk on June 6th by the Russian cruiser Terk, while proceeding from Rangoon to Yokohama with a cargo of rice, foodstuffs and the Indian mails. The crew of the sunken steamer was taken on board of the warship and kept there until June 15, when the Perlup was held up and they were transferred to her.

Three Boys Drowned.

Pittsburg, Pa., June 25.—Three boys were drowned within a few hours of each other at the city bathing station in the Monongahela river today. The names are Richard Conley, of 1517 Wylie avenue; Charles Oyer, of 1677 Fifth avenue and an unknown negro boy. All three were drowned within sight of scores of bathers and the life guard who is stationed at that point. None of the bodies were recovered.

A POPULAR WEDDING TRIP

Is to Take a D. & C. Steamer to Mackinac Island.

If you want a delightful wedding trip, where you are not likely to meet acquaintances, take one of the new D. & C. steel steamers to the island of cool breezes. Staterooms and parlors reserved 30 days in advance. Send 2c for illustrated pamphlet. Address A. A. SCHANTZ, G. S. & P. T. Mgr. Detroit, Mich.

Homeseekers' Excursions

Via Chicago Great Western railway to points in Minnesota, North and South Dakota and the Canadian Northwest. Tickets on sale May 9th, 23rd and 30th and June 13th and 27th. For further information apply to W. D. Jones, T. P. A., 918 Park Bldg., Pittsburg, Pa.
